

PLEASE NOTE: Only certain brands of kraft sleeves will be pre-imprinted with the "Caution: Hot" warning. If warning is required, please specify in the order notes.

KRAFT SLEEVE Art Approval Sheet

approvals@yourbrandcafe.com

NOTE: Colors here are specified to match Pantone colors, and may appear different on screen or a personal printer.

YBC Proof Disclaimer:

Not all art works well when reversed. Please keep in mind that if you request your art with the logo as empty space on a color field, small details can be lost when it goes to print. Any changes made to the art is to achieve a better printing quality. It is the customer's responsibility to carefully review the proof provided by Your Brand Café (YBC). Once the proof is approved, YBC will begin the printing process based on the approved proof. YBC will not take responsibility for any errors on the design of the print once the proof is approved by the customer. Any changes made after the proof is approved may incur an additional fee.

Disclaimer:

1. Pantone Matching System (PMS) is used for color matching, but all inks are blended by hand so some variances can be expected between batches or orders.

2. YBC is not responsible for obtaining copyrights of the designs involved in printing.

3. Movement to within 1/25 of an inch can be expected.

By signing this proof, the customer agrees to Your Brand Café and its parent company, RCB Industries, use of customers name and printed cups or sleeves as trade reference or samples.

To approve this proof please enter your signature in the area below.
